

## **Cohesive Single Face Corrugated**

*Ideal protective packaging material providing cushioning, rigidity and surface protection!*

## **Pack & Guard™ Cohesive Single Face**

Cohesive single face is an ideal packaging material where cushioning and rigidity are the main benefits in protecting an item against damage and dirt. This unique product provides a secure cohesive seal for your item's protection and may be opened easily with the addition of a tear strip or perforation. Cohesive single face is an excellent material for the packaging of books, literature, CD's, DVD's or anything else requiring cushioning and protection.
